NEW YORK ITALIAN
BY MARCO PIERRE WHITE

"If I had to choose only one cuisine to eat for the rest of my life, it would be Italian. It's the closest to me. My mother was Italian and I spent a lot of time in Italy with her when I was a boy.

Nowadays people like to eat out once, twice or three times a week, even if it's just going somewhere casual. People want affordable glamour and they want some fun. I like casual. I like affordable and I like glamour.

My New York Italian is all about creating a comfortable environment for friends and family to relax and enjoy some of my favourite Italian and American foods, without having to break the bank."
